Governance

Francis criticises nursing leaders
Lintern, S. *Nursing Times*, 2013, vol.109, no. 19, p. 2-3

NICE is dead; long live NICE
(A new beginning for NICE, with a new chair and legal status)
Chinthapalli, K. *British Medical Journal*, 2013, vol. 346, no. 7905, p.16-18

Ensuring consistency in quality of care

Body mass index and incident coronary heart disease in women: a population-based prospective study
Canoy, D. et al. *BMC Medicine*, 2013, vol.11, no. 1, document 87 (early online publication details)

Can clinical governance act as a cultural barometer?

The infection prevention nurse as change agent
Spencer, F. *Nursing Times*, 2013, vol. 109, online issue

How better availability of materials improved hand-hygiene compliance

Maintaining standards in mental health nursing
(Article sets out NMC’s core functions and its responsibilities as a regulatory body)

Leadership

Advancing Practice: from staff nurse to nurse consultant. Part 8: publication

Make the most of mentoring
*Nurse Researcher*, 2013, vol. 20, no. 5, p. 3
Leadership (continued)

Make all staff part of the solution

Making leaders of staff and patients
A change of approach can improve staff wellbeing and mental health services

Workforce

So you want to be a nurse?
Hornett, M. *British Journal of Nursing*, 2013, vol. 22, no. 8, p.497

Eight patients per nurse is unsafe
Kay, J. *Nursing Standard*, 2013, vol. 27, no. 37, p. 18-19

In tune with staff well-being

How NHS staff wellbeing affects patient care
Maben, J. *Health Service Journal*, 29 April, 2013

The unpopular patient

Enhanced recovery, stomas and the community nurse

Technology, health and the home: eHealth and the community nurse
Peate, I. *British Journal of Community Nursing*, 2013, vol. 18, no. 5, p.222-227

The expansion of nurse prescribing in Scotland: an evaluation

Women's perceptions of a midwife's role: an initial investigation
Cooper, T. & Lavender, D.T. *British Journal of Midwifery*, 2013, vol. 21, no. 4, p. 264-275

Policy/Strategy

Ireland’s abortion debate

The effect of intentional rounding on essential care
Braide, M. *Nursing Times*, 2013, vol. 109, no. 20, p. 16-18

Intentional rounding: a critique of the evidence
Snelling, P. *Nursing Times*, 2013, vol. 109, no. 20, p. 19-21

Policymakers’ and other stakeholders’ perceptions of key considerations for health system decisions and the presentation of evidence to inform those considerations: an international survey

Education/Development

The internet as a medium for health services research. Part 2

Randomised controlled trials: an introduction for nurse researchers

Preparing nurses to work in primary care: educators’ perspectives

The delicate balance and important relationship between mentor and student
Harmer, R. *Nursing Children and Young People*, 2013, vol. 25, no. 4, p.12-13

To what extent does the Health Professions Admission Test-Ireland predict performance in early undergraduate tests of communication and clinical skills? An observational cohort study
Kelly, M.E. et al. *BMC Medical Education*, 2013, vol. 13, document 68 (early online publication details)

Ten principles of good interdisciplinary team work

Training to promote multidisciplinary working
Bayliss-Pratt, L. *Nursing Times*, 2013, vol. 109, no. 21, p. 12-13

Please note that NIPEC is not responsible for the content of external internet sites
Education/Development (continued)

How interprofessional learning improves care  

A smart use for mobiles  

Effect of telehealth on acute and emergency care  
Thomason, C. Nursing Times, 2013, vol.109, no. 19, p. 17

Taking the paper out of paperwork  
(Mobile working holds many benefits for the NHS but success depends on finding the right solution)  

The effect of improving task representativeness on capturing nurses' risk assessment judgements: a comparison of written case simulations and physical simulations  

Barriers and facilitators to undertaking nutritional screening of patients: a systematic review  

Use of statins to reduce the risk of cardiovascular disease in adults  

Effectiveness of intermittent pneumatic compression in reduction of risk of deep vein thrombosis in patients who have had a stroke (CLOTS 3): a multicentre randomised controlled trial  
Dennis, M. et al., CLOTS (Clots in Legs Or sTockings after Stroke) Trials Collaboration, The Lancet, 31 May, 2013 (early online publication details).  
See also http://www.dcn.ed.ac.uk/clots/

Implementing a framework for goal setting in community based stroke rehabilitation: a process evaluation  
Scobie, L. et al. BMC Health Services Research 2013, vol. 13, document 190 (early online publication details)

Developing a community mental health nursing handover form
